

## **Daiken New Zealand Company Policy**

### **1. Key Statement**

#### **Working together for a bright future**

DNZ contributes to all its stakeholders to create a bright future. Stakeholders include the local community, customers, suppliers, employees and shareholders. The future, whether in the near or long term is created from the actions taken today. DNZ commits to improve today so that tomorrow will be brighter.

### **2. Company Policy**

- We manufacture and sell MDF according to our Quality Policy.
- We keep developing the quality of our products and always exceed the industry standards required by our customers.
- We govern the company according to the applicable local and international rules and regulations.
- We commit to being environmentally friendly.

### **3. Quality Policy**

#### **Customer Focused**

- We exceed customers' needs and expectations
- We make commitments we fully understand and believe we can meet.
- We meet all commitments to customers on time.

#### **Performance Driven**

- We commit that our company and products conform to ISO 9001:2008.
- We monitor, benchmark, and strive to continuously improve our business performance, products, systems and individual performances.
- We are committed to keeping health and safety in the workplace the highest priority.

### **4. Mission**

We strive to continually develop our products and brand in order to grow DNZ to become the market leader in MDF.
